

RID-SIGN and SOFTCOM provide AUTO Services on SOFTCOM-ADM WEB-portal.

1. Services provided (standard package):
  - Centralized control room organization
  - Collection and execution of client orders
  - Determining the location, speed, direction, traveled path (GPS) and other parameters of the vehicles.
  - Exchange of information (data, text, voice) between the dispatcher and vehicle.
  - Display on an electronic map (GIS) spatial-temporal information about moving vehicles.
  - Register alarm signals from the vehicle and operative response.
  - Storing information on the movement of vehicles and preparation of required reports.
  - For more information on AUTO Services - see the attached brochure and [www.syscom.md](http://www.syscom.md)
2. Price
  - Monthly fee - 10 Euro / month / vehicle.
